OBJECTIVE

Motivated technical support specialist with a BSIT degree, seeking a full-time position to leverage my expertise in troubleshooting, IT support, and web technologies, including HTML, CSS, Svelte, JavaScript, WordPress, and Webflow. With a strong background in technical problem-solving, digital communication, and customer service, I am eager to tackle challenges and contribute to innovative solutions in a dynamic team environment.

WORK EXPERIENCE

CreativBlox

Junior Graphic Artist | April 2018 & May 2019

- Developed innovative graphic designs for various projects, collaborating with clients to enhance brand identity.

Sangguniang Panglungsod ng Panabo

Special Program for Employment of Students - Technical Support

(2018-2023)

- Provided technical support by troubleshooting hardware and software issues, assisting with IT-related inquiries, and ensuring smooth operation of office technology. Played a key role in supporting community projects through effective communication and organization of digital resources.

DNSC Public Information Office

Programmer(Intern) | February - May 2024

- Contributed to software development projects, enhancing digital communication tools for the university's public information initiatives.

Freelance Web Developer & Graphic Artist

Web Developer | 2020 - Present

- Designed and built user-friendly websites, ensuring optimal functionality and aesthetics for diverse clients.

Graphic Artist | Present

- Create custom graphic designs for clients, focusing on unique branding solutions and visual storytelling.
